

9-42 THE BROADWAY: 30 MARCH – 2 APRIL 2017 FACEBOOK POSTS

POST 1

FACT: The plans for 9-42 The Broadway include an 18-storey tower block. At 67m it is taller than anything in the Dickens Yard development (behind Ealing Town Hall) and more than four times as high as any of the buildings currently on the site.

It will tower above its surroundings, dominating the views from every direction. Is this what you want for Ealing's historic town centre?

If not, please help Save Ealing's Centre to pay for its barrister at the forthcoming public inquiry. Donate now at www.saveealingscentre.com.

A conservative impression of how the 18-storey tower will look from Haven Green

POST 2

A big thank you to everybody who has already donated to Save Ealing's Centre's fund to fight the 9-42 The Broadway development and save the character and heritage of Ealing town centre.

We are 80% of the way to our target of £30,000 to pay for a barrister to present our case at the forthcoming public inquiry. One last push will get us there!

Please pass the message on. It's easy to donate. Just go to www.saveealingscentre.com.

POST 3

FACT: This is the second costly public inquiry to be held about 9-42 The Broadway. Save Ealing's Centre challenged our Council and the developers in 2009 and won!

Unfortunately, the latest scheme ignores the Inspector's recommendations made then and brushes aside conflicts with national and local legislation, policy and guidance, which is why our Council now finds itself having to defend the indefensible.

With your support we can win again. Please help us pay for our barrister by donating at www.saveealingcentre.com.

The 25-storey tower of the scheme rejected by the Planning Inspector in 2009

POST 4

FACT: The Dickens Yard development (behind Ealing Town Hall) was heavily marketed in the Far East.

9-42 The Broadway is the latest massive scheme planned for the heart of Ealing town centre. Who will benefit more from it? Local people or overseas investors?

Save Ealing's Centre is standing up for local residents. We need to pay for our barrister at the forthcoming public inquiry. Please donate at www.saveealingscentre.com.

9-42 The Broadway: Hong Kong investors will feel right at home
